SELECTMEN'S REPORT

Our report to you this year reflects the same problems as found in the state and nation — inflation and spiraling costs of every service combine to put a heavy burden on the taxpayer.

The technical problem of not being able to use the Revenue Sharing money in 1975 somewhat increased the tax rate, but this money is drawing interest and should equalize increased costs for 1976.

With the resignation of Clayton Downing as Police Chief there was a vacancy which the committee diligently tried to fill spending long hours with candidates and resumes. They found no one with the background, experience or qualifications of Carl Russell, thus he was appointed Chief in November.

The sewage disposal plant has been in operation for a considerable length of time. Selectman David Plourde spent many days during the summer to devise a fair fee for users at the lower end of Boscawen. The sewer system problem on the Plain must be resolved by July 1976.

Richard Hollins has been Road Agent now a full year with gratifying reports on his work and cooperation with the citizens of town.

Anthony Bush replaced George Mullin as Overseer of the Poor. The work load continues to be heavy and demanding.

A petition signed by over 50 residents will result in a re-valuation of the town this year. This has not been done in over 20 years. Where property has not changed hands, there is a tendency to leave its valuation the same — in fact some areas do just that. But with property values and sales climbing as they have, and where private appraisals have been made, it has created many inequalities which should be corrected. It is hoped this can be done to the satisfaction of all.

There have been several serious inquiries for new businesses in town. We are working with interested parties to resolve some minor difficulties. We are, however, competing with other locations.

Every citizen has a right to know where his tax dollar goes. This is the purpose of the annual report. A good report does just that. We hope you will read it and feel free to ask any of us if you have a question. The Selectmen meet the first and third Monday of the month. By law, the meetings are open. We welcome interested citizens who have an inquiry or purpose for coming.

Our thanks to those in the Town's employ who have aided us so capably the past year.

Roger C. Sanborn, Chairman
Richard G. Sweatt
David R. Plourde

BOSCAWEN PUBLIC LIBRARY

"Nothing marks the increasing wealth of our times more than the demand for books."

— Henry W. Beecher

The Boscawen Main Library and the Branch had a most successful year with an increase in circulation at both libraries. The library has a fine selection of books for both adults and children.

Mrs. Joy Sloane was welcomed as a new member of the board of Library Trustees and Mrs. Beulah Nardini was voted in as Treasurer.

Several meetings were held during the year by the Library Trustees.

We were deeply saddened by the death of our dear friend and chairman Mrs. Ethel M. Colby, who had been a faithful member of the board of Library Trustees for thirty three years. She will be missed by the Trustees and the community. It was voted to hang a picture of her in the library in memory of her faithful services.

Mrs. Harry Carter was welcomed as a new member of the Library Trustees and Mrs. Verna Mattice was voted to act as chairman of the board for the remainder of the year.

Book Week was observed by a display of new books at both the Main and Branch Libraries. Mrs. Sloane had a story hour for the children.

May 17, open house was observed at both the Boscawen Main Library and the Boscawen Historical Society. There was an art exhibit contest from each of the following schools; the Main and Summer Street the Central and Merrimack Valley High School. Prizes were given to the winning exhibits from each school: first \$3.00, second \$2.00 and honorable mention. The Boscawen Woman's Club furnished refreshments and the librarian had charge of the displays.

We wish to express our thanks to the Boscawen Woman's Club and schools for their cooperation and to everyone who assisted to make this event a success.

The trim and columns at the front of the Main Library have been painted.

We have Bookmobile service from the New Hampshire State Library. The librarian can also borrow books from them at the request of the readers. Two hundred nineteen new books were purchased this past year.

Both Libraries were very attractive during the holidays with Christmas decorations.

A letter of thanks was sent to Mrs. Robert Caed for the gift of a book. The Boscawen Woman's Club gave books in memory of the following members. Mrs. Harry Brunel, Mrs. Joseph G. Colby. Mrs. Lyle N. Watson, and Miss Vira Holmes.

Gifts of books were received from the following people. Charles Carter, Tammy Currier, and Mr. and Mrs. Robert Colby. Mr. and Mrs. Bradford Marshall and son Hunter gave a book, Encyclopedia of Animal Life, by La Rouse, in memory of Donald La Valley, Jr. and the Boscawen School Board Members,

Mrs. Kenneth Marshall and Mr. Theodore Houston gave a copy of the Merrimack Valley Year Book in memory of Warren (Skip) Kingsbury.

The Library Trustees accept with thanks and appreciation these gifts.

BOSCAWEN FIRE WARD COMMITTEE

The Fire Ward Committee was appointed in 1973 by the Fire Chief, with the consent of the Selectmen.

A meeting of the Committee can be called by the Selectmen, Fire Chief, Committee Chairman or by any member of the Committee. The reasons for a meeting can be many, but must fall within the scope of: budget, equipment, grievances, or any situation that could have a detrimental effect upon the department, its members or the welfare of the residents of our town.

The major function of the Committee is to make recommendations to the town that will result in improving the firefighting capability of the department and minimize the loss of life and property.

At the present time, the Committee can only recommend, and its decisions are not binding on any party.

There were no meetings in 1975.

Respectfully submitted,

Boscawen Fire Ward Committee:

Kenneth Marshall, Chairman

Danny Carey

Patricia Stefanides

Raymond Steenbeke

Fred Supry

POLICE COMMISSION REPORT

To the Citizens of the Town of Boscawen:

The Boscawen Police Commission experienced a very eventful year during 1975. Many events occurred that necessitated numerous meetings to keep members informed about what was happening.

After Chief Clayton Downing resigned, replacement procedures were started. Many applications were reviewed by the Commission and Board of Selectmen. Since the selection procedure involved a considerable amount of time, the Commission and Selectmen had the opportunity to observe the performance of Acting Chief Carl Russell. The Police Commission, based on the commendable performance of the Acting Chief, coupled with a desire to keep the police budget acceptable, recommended to the Selectmen the appointment of Carl Russell as Chief of Police. This recommendation was accepted along with that of operating the department with a three man force.

The Commission felt that in these inflationary times the above recommendations were in the best interest of the citizens of the Town of Boscawen.

Respectfully submitted,

Ronald Butt, Chairman
Daniel Carey
Gary Deragon
Lionel Gauthier
David Plourde

BOSCAWEN POLICE DEPARTMENT CHIEF'S MESSAGE

For the Boscawen Police Department the year 1975 was a trying year in as much as it was for the citizens of the Town itself. The highly publicized resignation of the former Chief, the substantial increase in property taxes and the inflationary costs for everyone will not be easily forgotten.

With all these problems in mind you will see that my proposed operating budget for 1976 will be somewhat less than that of 1975. I assure you that this does not mean that there will be less police protection for you, the people of Boscawen in 1976, but only that you will be receiving the same protection and services that the department provides with a budget in which I will do the best of my ability to stay within.

Carl D. Russell
Chief of Police
Town of Boscawen

BOSCAWEN FIRE DEPARTMENT

The Boscawen Fire Department responded to 126 alarms in 1975.

The Fire Department now has and uses four inch hose as a supply line. This four inch hose is like having an above the ground water main. One four inch line can supply approximately 1000 gals. per minute verses 250 gals. per minute through one 2½" line. Visualize four 2½" lines side by side to flow what one 4" line can supply.

Seems we were all waiting for July to arrive, because the new fire truck was due. Well, it finally arrived the 29th of November! After days and nights of driver training, pump training and mounting of the various equipment, new Engine #3 was signed in service by Jack Bourgeois on the 15th day of December. Two days later new Engine #3 responded to its first alarm.

Special training classes have been attended at Fitzwilliam Drill Yard in September. Firemen were enrolled at N. H. Vocational Tech. School for the winter term for classes in fire science and service. Every Monday night will find men at the fire stations for training or monthly meetings. Advanced training this year was a 40 hour class conducted by town N. H. state Fire Service Training Instructors. This course was on self-contained breathing apparatus and was conducted under simulated and actual fire grounds conditions.

I would like to extend a special "THANKS" to the Fire Departments Ladies Auxiliaries. The Ladies Auxiliaries have been very busy saving coupons, stamps, and having dances and raffles to raise money for the radio fund. They have purchased two combination mobile and portable radios at the total cost of \$2,200.00. These radios are being used by the two Deputy Chiefs. They are still saving to purchase additional radio equipment. All of us gratefully appreciate your hard work and time. Once again "THANK YOU."

Before closing, remember if you have any fire connected problems DON'T HESITATE TO CALL US.

Respectfully submitted,

Roland D. Bartlett
Fire Chief

REPORT of FOREST FIRE WARDEN and DISTRICT CHIEF

Upon the recommendation of town selectmen and city councils, the Division of Forests and Lands appoints a forest fire warden and several deputy forest fire wardens in each town and city every three years. The town or city warden is responsible for maintaining a force of men and adequate equipment to suppress any wildfire that occurs in his town or city during his term of appointment. The fire warden must authorize all open burning when the ground is not covered with snow. No open fires can be authorized between 9 a.m. and 5 p.m., unless it is raining, without the additional permission of the state district fire chief.

Any person wishing to kindle an open fire when the ground is not covered with snow must first obtain the written permission of the forest fire warden. Camp and cooking fires also require the warden's permission.

The Division of Forests and Lands, through its Forest Fire Service, assists all cities and towns in meeting these requirements by training the warden and deputy forces in wildfire suppression tactics, making hand tool suppression equipment available at fifty percent of cost, supplying pieces of Federal excess property for use as fire attack vehicles and sharing up to fifty percent of the cost of wildfire suppression costs.

Wildfire prevention is also a joint state, city or town program. Smokey Bear is available from the Forest Fire Service for local fire prevention programs. Posters and Junior Ranger kits are available for distribution by local fire departments upon request to the Forest Fire Service. Each forest fire warden is expected to carry on a continuous wildfire prevention program within his town or city.

PLANNING BOARD AND ZONING BOARD OF ADJUSTMENT

Numerous changes were made during the past year regarding the subdivision regulations and the zoning ordinance. The Planning Board, after a public hearing, increased the requirements of the performance guarantee by large-scale developers. This feature should further protect the Town from financial responsibility in larger subdivisions.

Voters at a special Town Meeting approved six of twenty-eight articles which were, basically, wording changes in the Zoning Ordinance. Our objective here was to eliminate ambiguous terminology in the ordinance itself.

The Selectmen, along with planning officials, have succeeded in attracting a large, clean industry to the Town. At this year's Town Meeting, an article will be in the warrant regarding the definition of the northern boundary of the Schooman property in an industrial zone on Route 4. Presently half this property is zoned industrial and half residential. This was an oversight on the zoning map and should be corrected.

Both Boards wish to thank the Town for its cooperation during the past year.

Kevin J. McCarthy, Chairman
Planning Board

Forrest D. McKerley, Chairman
Zoning Board of Adjustment

OVERSEER'S REPORT

Mr. George Mullins, replacing Mr. Russell Mattice, relinquished his office of Overseer of Welfare due to health and personal commitments and was replaced by Anthony Bush who took over for the balance of the 1975 year, starting from July 1st thru the current year.

We ended the year with a surplus instead of a deficit . If the 1976 year follows the predicted cost of living and percentage increase of public welfare recipients, we again will try to limit our estimated budget as submitted.

WARRANT FOR ANNUAL MEETING OF PENACOOK-BOSCAWEN WATER PRECINCT

To the inhabitants of Penacook-Boscawen Water Precinct in the county of Merrimack and State of New Hampshire, qualified to vote in Precinct affairs.

You are hereby notified to meet at the Boscawen Town Hall in Boscawen in said Precinct on the 27th day of March 1976, at 7:30 o'clock in the evening to act upon the following subjects:

1. To hear the reports of the Precinct officers and pass any vote relating thereto.
2. To choose all necessary Precinct officers for the ensuing year.
3. To see if the Precinct will vote to raise and appropriate the amounts listed in the budget for 1976.
4. (By Petition) To see if the Precinct will vote to raise and appropriate a sum not to exceed \$20,000.00 to lay an eight inch water main from the corner of Goodhue Rd. and High St. to the Shooman property to satisfy the water requirements of new industry.
5. To authorize the Precinct Commissioners to borrow money in anticipation of Precinct Taxes and other revenues for the year and to issue notes therefor at such time within one year and at such place as the Precinct Commissioners shall determine.
6. To see if the Precinct will vote to give the Commissioners Authority to transfer any unexpended balances of money from one appropriation to another.
7. To transact any other business which may legally come before the meeting.

Given under our hands and seal this 8th day of February, 1976.

COMMISSIONER'S REPORT FOR 1975

Many changes have taken place during the past year: Supt. Richard Holins has seen his first year in his new position and he has responded to his new duties very well; James Hewey was elected to fill a three-year term and his background in construction has proven quite helpful; the Precinct's ten-year-old truck was finally replaced; and the new tank in Penacook has been completed, providing an extra margin of safety in case of fire in the area.

The need for the new tank was emphasized during the summer of 1975 when a dry spell brought the amount of water in the old tank to dangerously low levels. Unanticipated expenses were incurred on the tank project due to survey markers being removed which meant that the tank site had to be re-surveyed and due to the costs of settling on land required for the project which meant paying for attorneys' fees and for the land acquired.

We had hoped to make substantial progress on running a main along Marlboro Road to Queen Street, but such was not the case. Our surveyor has indicated where such a main could be laid without exceeding elevation limits. We have allocated money towards this project under Capital Outlay-Construction. The purpose of this main is to provide alternate routing of water should the pipeline running down Route 4 to Queen Street break.

Other projects contemplated include replacing parts of the walls of the old pumping station which are crumbling and painting fire hydrants to help keep them in good repair.

The selectmen have informed the Precinct that they plan to have an article placed in the warrant by petition requiring the Precinct to pay for the necessary materials and install them to furnish a main running from the corner of Goodhue Road and Route 4 to the Shooman Property (just north of Steenbeks on the East Side of Route 4). This line would parallel an existing main and would be solely for the use of the wire-drawing plant scheduled to be built on the Shooman Property and is required to provide adequate fire protection to the plant. The estimated cost of this project is in the neighborhood of \$20,000.00, requiring an increase in the tax rate of approximately \$2.39 per \$1,000.00. Because of Regulation 75-18 which states in part "Applicant shall pay the total costs for all extensions of the water main," the Precinct cannot appropriate money for this project unless it is specifically empowered to do so by legal voters of the precinct.

AUDITOR'S REPORT

Board of Water Commissioners
Penacook and Boscawen Waters Precinct
Boscawen, New Hampshire 03301

Gentlemen:

We have examined the Balance Sheet of the Penacook and Boscawen Water Precinct as at December 31, 1975 and the related Statements of Income, Changes in Financial Position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the aforementioned statements present fairly the financial position of the Penacook and Boscawen Water Precinct at December 31, 1975 and the results of its operations and changes in financial position for the year then ended in conformity with generally accepted accounting principles for municipalities applied on a consistent basis.

Respectfully submitted,

David L. Connors

NOTES TO FINANCIAL STATEMENTS

1. The accounts of the Precinct are maintained on the accrual basis of accounting. Inventories are stated at lower of cost (first-in, first-out basis) or market. Property, plant and equipment are recorded at cost. Expenditures for renewals and betterments are capitalized. Expenditures for maintenance and repairs are expensed as incurred, since it is not practicable to determine the amount of, or duration of, future benefit. Depreciation over their estimated useful lives is computed on the straight-line method based on the following estimated useful lives of the assets.

Buildings and Structures	40 Years
Standpipes	30 Years
Mains, Hydrants, Services	30-50 Years
Other Equipment	5-20 Years

Although still in use, assets that are fully depreciated are removed from the accounts.

2. In 1974, the Precinct borrowed by bond issue, \$250,000 for construction of an additional water storage tank.

3. There is litigation pending regarding a small piece of land taken by eminent domain for the location of the additional water storage structure.

4. Because Merrimack County paid for the construction of a new water main to the County Home, two Water Precinct Commissioners agreed to provide free water to the earlier of \$12,000 in water billing or six years. Then the County Home will be billed for water at the regular rates.
